

Technical drawing of the bridge structure, showing the truss system and supports. The drawing is labeled "MOTTA DI LIVENZA" on the left and "MEDUNA DI LIVENZA" on the right. It illustrates the bridge's structural components, including the truss members, deck, and piers, with a cross-section view indicated by a vertical line labeled "A-A".

A technical drawing of a stone bridge. The bridge has a stone arch structure with a blue truss-like framework on top. The drawing shows the bridge's profile, including the stone masonry and the internal structural elements. The bridge is set against a background of vertical lines representing the ground or water level.
